College "Modus" is an active participant in the economic development of the Kvemo Kartli region and a leading educational institution. With its learning spaces in Rustavi and Marneuli, Modus ensures access to vocational education through short-term certificate and long-term (diploma) qualification programs.

The college ensures

- Equal opportunities for individuals interested in vocational education.
- Implementation of innovative teaching methods.
- Training of qualified personnel in demand in the labor market.
- Teaching of the Georgian language to ethnic minorities.

Success Stories

Students of LEPL "College" Modus are successfully employed in partner organizations. In numerous cases, college graduates have started their own businesses and have facilitated the employment of other college students. The college's students participate in international and exchange projects.
